VI. **MEDICAL EVACUATION & TRAVEL ASSISTANCE SERVICES.**

1. **AirMed Gold Member Benefits – Specific Terms and Conditions.** The particular terms and conditions contained in this Section IX, Subsection 1 apply to all Gold Program level Enrollments: (a) **Evacuation and Repatriation Services.** Should a Participant become hospitalized and desire to be transported via air ambulance, AirMed will provide a bedside-to-bedside quote for the cost of such transport at a 25% discount of what AirMed's retail transport cost is. (b) **24/7 Worldwide Medical Services Hotline.** This program connects Participants 24 hours a day, seven days a week, to the worldwide resources of AirMed including medical and second opinion referrals. Participants have access to AirMed's Medical Communications Center professionals who will provide information about how and where to obtain medical care while traveling, including medical monitoring and coordination with local health care professionals. (c)

Legal Referrals. If a Participant requires emergency legal assistance away from home, AirMed will arrange without charge to the Participant an initial telephone consultation with an appropriate attorney. If referral to an attorney in another jurisdiction is required, referral is included without charge. The final selection and all fees and costs associated with an attorney will be the full responsibility of the Participant. AirMed does not guarantee the quality of the legal advice nor shall AirMed be liable for any consequences arising out of the services provided by the lawyer or legal professional. (d) Emergency Call Relay. AirMed will receive or transmit emergency messages between the Participant, their family and their employer. AirMed is available to the Participant 24/7, every day of the year. Note: All costs associated with an air ambulance transport are the sole responsibility of the Participant and must be paid in full prior to AirMed performing the air medical transport. (e) Security Assessments & Foreign Travel Advisories. AirMed will provide known security assessments and foreign travel advisories in effect for a particular international location, as issued by the U.S. government, at the request of a Participant upon the Participant's calling 910-202-0990, selecting the medical evacuation call-routing option, and making specific request for this information of an AirMed representative. 2. AirMed Platinum Member Benefits – Specific Terms and Conditions. The particular terms and conditions contained in this Section IX, Subsection 2 apply to all Platinum Program and Business Platinum Program level Enrollments: (a) Evacuation and Repatriation Services. Should a Participant become hospitalized as an inpatient more than 150 miles from the home address stated on your Program enrollment form, domestically or internationally, at the Participant's request, AirMed will provide the Participant with air medical transportation bedside-to-bedside to the

hospital of their choice within the U.S. or Canada provided that the hospitals are more than 150 miles apart. Mileage is stated and calculated using the "great circle" formula. (b) Air Medical Transportation to a Specialty Facility. If a Participant is hospitalized as an inpatient and requires the services of a U.S. or Canadian specialty hospital located more than 150 miles away, AirMed will provide air medical transportation to that facility, provided the Participant is unable to travel by commercial means without a medical escort. The Participant's attending physician as well as the AirMed physician must agree to the medical necessity of this transport. A Participant is not eligible for transportation to a Specialty Facility within the first 90 days of enrollment. Mileage is stated and calculated using the "great circle" formula. (c) 24/7 Worldwide Medical Services Hotline. This program connects Participants 24 hours a day, seven days a week, to the worldwide resources of AirMed including medical and second opinion referrals. Participants have access to AirMed's Medical Communications Center professionals who will provide information about how and where to obtain medical care while traveling, including medical monitoring and coordination with local health care professionals. (d) Transport of Mortal Remains. In the unfortunate event of a Participant's death while traveling more than 150 miles from the address listed on the Participant's enrollment application, AirMed will make all necessary arrangements, at no additional cost, to return the mortal remains to a funeral facility in the city of the Participant's primary residence as requested by the family. Mileage is stated and calculated using the "great circle" formula. (e) Legal Referrals. If a Participant requires emergency legal assistance away from home, AirMed will arrange without charge to the Participant an initial telephone consultation with an appropriate attorney. If referral

to an attorney in another jurisdiction is required, referral is included without charge. The final selection and all fees and costs associated with an attorney will be the full responsibility of the Participant. AirMed does not guarantee the quality of the legal advice nor shall AirMed be liable for any consequences arising out of the services provided by the lawyer or legal professional. (f) Emergency Call Relay. AirMed will receive or transmit emergency messages between the Participant, their family and their employer. AirMed is available to the Participant 24/7, every day of the year. (g) Security Assessments & Foreign Travel Advisories. AirMed will provide known security assessments and foreign travel advisories in effect for a particular international location, as issued by the U.S. government, at the request of a Participant upon the Participant's calling 910-202-0990, selecting the medical evacuation call-routing option, and making specific request for this information of an AirMed representative. 3. General Program Terms and Conditions Specific to AirMed. The particular terms and conditions contained in this Section IX, Subsection 3 apply to all Program Participants enrolled in any Program level: AirMed memberships are available to United States and Canadian Residents at the time of enrollment. "U.S. Resident" definition shall not include U.S. Pacific territories and other outlying areas within the Pacific Ocean. AirMed membership is valid for unlimited U.S. and Canadian travel and international travel with a limit of 90 days of unbroken travel per trip. Air Ambulance evacuation and repatriation flights international or domestic will be performed if an inpatient hospitalization is required, and it is determined that the remaining hospital stay can be completed at a hospital nearer the Participant's home, and the Participant is unable to return to their home hospital via commercial airline without a medical escort. Aircraft used for the medical transport of AirMed Participants are fully equipped

intensive care aircraft staffed with specially trained medical teams. However, if the Participant's condition permits, the Participant may be transported by scheduled commercial airline, at AirMed's expense while accompanied by an AirMed medical escort or medical team. If in the case of a Participant's discharge from a hospital facility located more than 150 miles from home and they are unable to travel on a commercial airline without a medical escort due to the medical condition, AirMed will provide the Participant with air medical transportation back to the Participant's residence within the U.S. or Canada. After AirMed assesses the Participant's medical condition, AirMed may perform the transport with a medical escort via commercial airline. Air medical services are limited to two separate flights per membership per year. Note: only one transport per membership year may be for transportation to a Specialty Facility. AirMed must make all arrangements for medical evacuation and repatriation. Since AirMed is a membership program and not an insurance plan, AirMed will not reimburse Participants for expenses they incur on their own. Decisions regarding urgency of the case, the best timing and the most suitable means of transportation will be made by the AirMed medical department after consultation with the local attending physician and the patient's receiving physician. AirMed provides Participants with fixed-wing air ambulance service. Both the originating and receiving hospital must be reasonably accessible by ground ambulance to transport the Participant to and from an airfield capable of accommodating an AirMed aircraft or one of its authorized affiliates aircraft. The cost associated with transportation from ships, isolated areas or islands to an airport accessible to AirMed aircraft is not covered and will be the responsibility of the Participant. AirMed membership does not include helicopter evacuation. Due to the limited medical facilities and testing

available on cruise ships, in some cases the AirMed Medical Director may require the member to be admitted to a hospital on-shore before dispatching the AirMed aircraft. Due to the high risk of sending U.S. registered aircraft and personnel into countries where the U.S. State Department, Department of Transportation, or the Federal Aviation Administration (FAA) has issued travel restrictions, membership services are subject to exclusion in these areas. Family members, business associates, and/or traveling companions may accompany the patient, at no additional cost, on AirMed aircraft during transport, provided space is available and the patient care is not compromised. Passengers accompanying patients transported on scheduled commercial aircraft will be responsible for their own airfare. While AirMed makes every effort to accommodate its Participants, the patient and an accompanying passenger are limited to one small carry-on bag each due to limited space available on medical aircraft. AirMed will arrange for additional luggage to be forwarded at the Participant's expense. Membership is valid only after AirMed has received Enrollment application for the Participant and by enrolling as a Participant you accept and agree to the terms and conditions of membership. In regard to the safety of our pilots and medical crew onboard transport flights, in conjunction with FAA regulatory standards regarding airborne pathogens and flight crew's ability to perform required emergency procedures, and in compliance with restrictions imposed by the U.S. State Department or others, Participants will not be entitled to air medical transport benefits if their illness or injury is a result of or is contributed to by the following: (a) War, invasion or civil war; (b) Suicide or attempted suicide or intentional self injury; (c) A Participant's own criminal or felonious act, or sustained while the Participant is in a state of insanity; (d) For the first 30 days of membership, a Participant may not be

eligible for a transport due to illness or injury if the Participant was hospitalized for a related condition within 30 days prior to the membership effective date; (e) A Participant is not eligible for transportation to a Specialty Facility within the first 90 days of enrollment; (f) A Participant suffering from a psychiatric or mental disorder that is not manageable and will not allow safe transport within the confines of the ground ambulance and aircraft may not be transported; (g) A Participant being evaluated for or on an organ transplant list prior to enrollment will not be entitled to a transport for conditions related to that transplant; (h) A Participant who is hospitalized at the time of enrollment will not be eligible for transport benefits for that hospitalization and may not be accepted for membership entirely; (i) A Participant with contagious airborne pathogens may not be transported; (j) A Participant traveling outside of the United States and Canada for the sole purpose of seeking medical treatment, whether inpatient or outpatient, experimental or otherwise, will not be eligible for air medical transport benefits for that specific medical condition; (k) A Participant beyond the second trimester of pregnancy may not be transported if the transport request relates to the pregnancy; or (l) A Participant with mild lesions, simple injuries such as sprains, simple fractures or mild conditions which can be treated by local doctors and do not prevent the Participant from continuing his or her trip or returning home does not qualify for air medical transport.
